WE KNOW SERVICE.

What we can do for you

- **99.5% same-day shipping**
leveraging four Distribution Centers (Pennsylvania, Missouri, Massachusetts, Nevada)
- **Full service keying** department including basic rekeying, masterkeying, and construction keying
- **Online e-store** offering multiple functions: order placement; review on-hand inventory; order and account status; shipping information
- **Best-in-class customer support** providing technical support, project job quoting, and purchase order placement
- **Email or fax order confirmation** on every order
- **Distribution** across The United States of America

DISTRIBUTION ACROSS THE US

Support

We're there for you with technical support and advice 12 hours a day, M-F, 7:30AM – 7:30PM EST. Custom keying is offered at all of our distribution centers. We maintain keying records on custom orders.

Consulting

Our sales consultants – with an average of 20+ years experience – will assist with your project and product selection.

Ordering

We provide project and job quoting assistance with project job packing capabilities. We offer same-day, error-free shipments over 99% of the time.

TOP NOTCH MEANS TOP PEOPLE.

Chuck and Wanda Jurgensen started Top Notch in 1975 working out of a small barn in the small rural town of Honesdale, located in Northeast Pennsylvania. Their focused commitment was to offer customers the best architectural hardware brands. They both knew that by giving their employees the autonomy and authority to do whatever it takes to satisfy each and every customer's needs, it would create customer loyalty. Today, Top Notch Distributors is revered for their legendary customer service and has become the premier architectural hardware wholesaler in the nation.

With an average of 20+ years of experience, our 20+ member Inside Sales team is available 12 hours a day offering technical expertise and purchase order placement.

BUILDING VALUE SINCE 1906

Working smarter has never been easier with electronic locks.

Top Notch offers a complete assortment of residential electronic locks from market-leading manufacturers. Easy to install and easy to program, these “connected” and “non-connected” products offer keyless entry, management of multiple access codes, remote lock/unlock capability, and connection to home automation systems.

Popular Home Automation Platforms

Wireless Radio Frequency Communication Protocols

Touchscreen Locks

Durable, fingerprint-resistant screen for added security and convenience.

Keypad Locks

Features raised and backlit pushbuttons that allow users to enter an access code.

Deadbolts

Deadbolt only options are available in both touchscreen and keypad designs.

Electronic Lock Categories:

- WiFi Keyless Entry
- Z-Wave Plus Keyless Entry
- Zigbee Keyless Entry
- Bluetooth Keyless Entry
- Stand-Alone Keyless Entry

BALDWIN™

baldwinhardware.com

Home Connect Keyless Entry

- Baldwin's Home Connect technology enables door lock to wirelessly communicate with other devices in the home via Crestron system
- Check lock status remotely, lock or unlock your home with a cell phone
- Other functions include receiving text messages, disarming the alarm system, and turning the lights on/off
- **Home Connect Deadbolts with no Keypad**
- **Home Connect Deadbolts with Keypad**
- **Home Connect Sectional Entry Handlesets**
- **Home Connect 3/4 Escutcheon Entry Handlesets**
- **Home Connect Deadbolts**

Bluetooth Keyless Entry

- Works with a smart phone via Bluetooth® or key fob
- Easy-to-use Kevo app provides ekeys for remote access, real-time access history and remote unlocking
- Connects to a growing list of Smart Home Devices (Nest, Ring, IFTTT, Honeywell, SKYBELL, Amazon Alexa)
- **Evolved Sectional Entry Handlesets**
- **Evolved 3/4 Escutcheon Entry Handlesets**
- **Evolved Full Escutcheon Entry Handlesets**
- **Evolved Deadbolts**

Keyless Entry

- Stand-Alone Keyless Entry – operation of lock is at the door only
- **Keypad Deadbolts**
- **Sectional Entry Handlesets**

- 6-9 Month Battery Life
- 2-Year Electronic Warranty
- Lifetime Limited Mechanical Warranty
- Finish Warranty Varies By Finish

Emtek EMPowered™ Touchscreen Keypad

level.co

Bluetooth Keyless Entry

- Designed to install inside your door in minutes to transform your existing deadbolt into a smart lock. Level Bolt was designed to work with most American standard deadbolts and requires a properly operating door and latch.
- Works with a compatible iOS or Android device via Bluetooth®
- Remote Connectivity: requires HomeKit enabled hub
- Door Requirements: American standard deadbolt
- Power Requirements: 1 CR2 Lithium Battery
- Battery Life: 1 year
- Quality: Tested to ANSI Grade 1/A
- Warranty: 2 year limited
- Color Finishes: Satin Nickel, Satin Chrome, Polished Brass, Oil Rub Bronze

Level Bolt Features

- Share access with friends and family based on specified time and day
- Activity History: Keep track of all activity so you always know who's coming and going
- Voice Control: Use SIRI on your iOS device to lock or unlock your door
- Remote Entry: Unlock your door from anywhere using your iPhone or Apple Watch
- Keyless Entry: Use your iOS or Android device as a secure key to lock or unlock your door
- Audio Confirmations: Subtle chimes to let you know when your door locks or unlocks
- Notifications: Get notified when friends arrive or when it's time to change the battery
- Automations: Create schedules and routines that automatically run for common tasks (requires HomeKit Hub)

Level Lock – Touch Edition

- Lock and unlock with a single touch.
- Invite friends and family in with the Level App.

Level Lock – Touch Edition Features

- Impossibly Small Design: By hiding technology on the inside of the door, Level Lock - Touch Edition is the smallest smart lock ever made.
- Effortless Access for All: Lock or unlock your door with just the touch of a finger, key card, Level Home app, or a key. Works with iOS and Android.
- Powerful & Secure: Meets the highest industry standards for security, durability, and finish and certified BHMA AAA.
- Stay Connected: Works with Alexa, Ring and HomeKit.
- Simple Installation: Level Lock - Touch Edition features an innovative and compact wireless design, making it easy to install with just a screwdriver. Replaces an American standard deadbolt.

TND TOP NOTCH DISTRIBUTORS™
We Know Service

**TOP NOTCH
 IS DOOR
 HARDWARE
 DONE EASY.**

For more than 45 years now, Top Notch has set the industry standard as a wholesale provider of architectural door hardware and accessories. While 2020 was a challenge for us all, we made it our goal to provide even better service to you, our customer. In the last year alone, we expanded our warehouse space, implemented state-of-the-art technology in our distribution centers, and increased inventory across our product portfolio – all to deliver your orders faster and more efficiently. Contact a Top Notch Sales Representative today, and learn what we can do for you in 2021. **Call 800.233.4210.**

Top Notch offers these solutions to help your business.

- Full-service keying department
- Electronic sales engineer team
- 24-hour online e-store
- Project and job quote team
- Best-in-class customer support
- 99.5% same-day shipping

Contact Top Notch Distributors for all your door hardware needs!
